

# A NETWORK OF COMPASSION

more!

Providing opportunities for passionate people of faith to serve together in their own backyards, through 2021

**COMPASSION  
CONNECT**  
uniting to serve

POVERTY.  
HOMELESSNESS.  
HUMAN TRAFFICKING.  
SPIRITUAL AND PHYSICAL BROKENNESS.

The problems in our neighborhoods are bigger than any one person or church, and they seem to grow when churches compete and passionate people don't have an outlet to serve.

But there is hope. Over the past 10 years we have been blessed to guide hundreds of churches and thousands of people on a journey of serving and loving their neighbors together.

Now we are ready to take a step of faith to help equip and empower even more people from across the nation to join together and make this transformation possible in their own backyards, by launching the **Compassion Network**.

Will you help launch this journey with us?

# VISION

Churches and individuals everywhere choosing unity over division and compassion over complacency.

# MISSION

We bring churches together to serve their neighborhoods.

## OUR WORK: *Local service, local impact*

Compassion Connect helps churches and individuals unite to address two main community issues: health, through our Compassion Clinic and Compassion Care Center outreach models, and human trafficking, through our Adorned in Grace model. When multiple models are functioning in one region, it becomes an **Epicenter** of unity and compassion. **The Compassion Network** will aim to spark and support the growth of Epicenters in this next season.

## OUR APPROACH IS:

### COLLABORATIVE

We bring people from different churches together to serve their neighbors and accomplish more than they could apart.

### HOLISTIC

We serve the whole person by addressing both physical and spiritual needs.

### GRASSROOTS

Local volunteers are equipped and trained to own, lead, and manage the work in their community.

"In a time when too many churches operate solo, Compassion Connect has become a catalyst for collaboration. They have not only become the relational bridge between churches, but have also provided the necessary tools for partnership in mission. Their leadership has had a tremendous impact on how the Church is viewed by others in our city."

*-Chuck Bomar, Pastor at Colossae Church, Tigard OR-*

# COMPASSION CLINICS

*Uniting for Health*

Millions of people in the United States continue to live without access to basic, affordable health care. Our solution is Compassion Clinics, which bring churches together to provide free health services to low income families and individuals as well as other extremely vulnerable populations.

Tens of thousands of people have received compassionate care and felt the love of Jesus over the years because of individuals and churches that have united together to host Compassion Clinics. Our dream is that the **Compassion Network** will help inspire even more communities to have the same impact.

**“I loved the idea that our church was working with other local churches in our neighborhood for our neighbors. I have seen people come into the Clinics with shoulders hunched and head down and they leave with their shoulders back, head up and a smile on their face. I was able to be a small part of that transformation. It’s what makes me want to come back each year.”**

# ADORNED IN GRACE

Uniting for Freedom

It is estimated that hundreds of thousands of people in the United States are sexually exploited each year, many of them children. Adorned in Grace brings volunteers together from different churches to fight human trafficking by spreading awareness and raising funds through Adorned In Grace Bridal Shops, engaging in prevention efforts by mentoring at-risk girls through Adorned In Grace Design Studios, and helping bring restoration to trafficking survivors.

With the **Compassion Network**, we hope to mobilize more churches and individuals to provide hurting women and girls with the transformative love of Jesus.

"Whether it be the harder way, the more inconvenient way, or the impossible, these women and men I have met over the last seven years have helped drastically change my life. Whether it be faith, addiction or just habits. They've done this without even knowing it."

## COMPASSION CARE CENTER

Volunteer leaders in Queen Creek, AZ have hosted many Compassion Clinics since 2011 and have since launched a new collaborative service model called the Compassion Care Center. This community resource center is a gathering place for churches and service providers to meet, triage, and serve the physical, mental, and spiritual needs of the most marginalized people in the neighborhood.

The Care Center is a service model, like Compassion Clinics and Adorned In Grace, that we hope to equip countless more neighborhoods with through the **Compassion Network**.

# WHAT'S NEXT? VISION 2021

*Creating a Network and Stewarding a Movement*

The Compassion Network is a step to grow and share our work that has been effective in the Pacific Northwest for the past ten years. It is a means of inspiring, equipping, and uniting more churches and

individuals to serve their communities and put their faith in action to accomplish the Lord's Prayer: "Your kingdom come, your will be done, on earth as it is in heaven."

## PARTNERS

As we begin this journey, we will be seeking new church and community partners. Partners in the Compassion Network fall into one of two categories: implementers and epicenters.

### IMPLEMENTERS

Communities that implement one Compassion Connect service model (such as Compassion Clinics, Adorned in Grace, or Compassion Care Centers). They receive resources and coaching from Compassion Connect.

### EPICENTERS

Robust local expressions of Compassion Connect. They take on our name, provide local leadership, raise local funding, and are invested in spreading the growth of unity and compassion in their region. They benefit from shared services that Compassion Connect provides for a fee.

## WE PROVIDE PARTNERS:

- Connection to and influence in a larger global vision
- Training, coaching, and encouragement
- Implementation support, toolkits, and start up investment
- Back-office services for epicenters

## 2021 GOALS

- 12+** Add 12+ New Implementers Each Year
- 1** Add 1 New Epicenter Each Year

# OUTCOMES: *What is the dream we are headed toward?*

As the **Compassion Network** inspires and equips more people to love and serve their neighbors, we will see individuals, churches, and communities transformed by Jesus.

## 2021 CUMULATIVE VISION

20,000 PEOPLE  
EQUIPPED TO SERVE

Over the next three years, thousands of people will unite in service. They will find value and meaning in serving and will build authentic relationships with their neighbors.

750+ CHURCHES  
UNITING

Leaders in the Compassion Network will feel inspired, encouraged, and equipped. Church leaders will have and use powerful tools to engage directly in service to their communities.

25,000 PEOPLE  
RECEIVING CARE

Tens of thousands of people will receive compassionate health care that addresses their serious health needs. Hundreds of at-risk girls will not enter trafficking, and will have the support to break cycles of generational poverty & victimization.

VALUE OF CARE PROVIDED OVER THE  
NEXT THREE YEARS: 5 MILLION

“I have learned that there’s something about serving together that helps us grow. Compassion Connect and its various outreaches are where you can take a big leap, and then you find out that it wasn’t that big a leap. You gain confidence. At first you are nervous, but you quickly find yourself serving with others. The most tangible stuff is the hugs, tears, and joy that you experience as you help others. There is nothing like that. It’s a mountaintop experience.”

-Tom Moore, Volunteer-

We envision a NEAR FUTURE where a growing number of neighborhoods are full of people who are actively LOVING and SERVING their neighbors in Jesus' name. In place of frustration and apathy, they are experiencing UNITY and PURPOSE as they get outside the walls of a church building and use their gifts to serve their neighbors who are struggling. In a world of increasing division and hate, a mission of united service--of an accessible, tangible way to MAKE A DIFFERENCE and live out our faith--is needed now more than ever. Will you join us?
